

## Compact range

The compact range is designed to be our most efficient solution when it comes to assembly and cost, suitable for the most demanding environments. It can also be combined with the modular range to cover the needs of additional flexibility.

### General construction

- 'All-in-one' design
- Same front as modular range
- 42mm built in depth
- Up to 2 electrical contacts
- Metal or black plastic look

### Product features

- Suitable in the toughest environments IP 66, 67 and 69K
- Wiping action gives high performance with low energies
- UL/NEMA Type 1,3R,4,4X,12,13

### Operators

- Pushbuttons (illuminated and non-illuminated)
- Emergency stops (twist, pull and key release)
- Machine stops (twist, pull and key release)
- Selector switches (2 and 3 position)
- Mushrooms

### Pilot lights

- Integrated LED (wide range of voltages)
- BA9s base for filament bulb or LED

## Emergency stops

Non-illuminated
