Crimping die

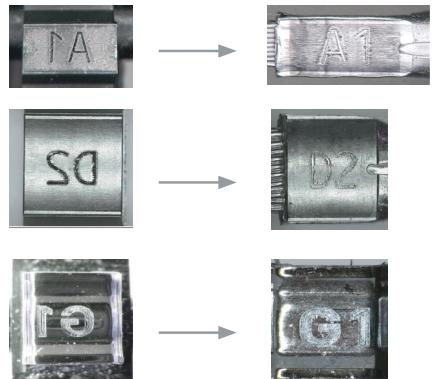

PV-ES-CZM...

- PV-CZM-60100 and PV-CZM-61100 are designed to crimp open crimp contacts. Each plier comes with one crimping die and two locators for crimping MC4 and MC4-Evo 2 contacts.
- PV-CZM-63100 is designed to crimp MC4 barrel crimp contacts.
- Crimping kit PV-CZM-64100 comes with crimping die PV-ES-CZM-61100 and locator for MC4 open crimp contacts and crimping die PV-ES-CZM-63100 and locator for MC4 barrel crimp contacts.
- TÜV and UL certified product.
- Registered design feature providing traceability information about crimping tool on each individual crimped connection.

Checking crimped connections using crimp die identifier

A crimped connection made with the MC4 and MC4-Evo 2 crimping tool and the appropriate crimping die can be identified by the visible crimp die identifier. This crimp die identifier is a registered design feature. It provides information about the conductor cross-section, crimp height, and crimp width. For further information, see the MA704 assembly instructions.

Cable cutter

Cable cutter

PV-WZ-KS

- Cable cutter with a special cutting blade geometry for an easy, clean cut.
- Ergonomic one-handed operation as it is fitted with an opening spring.
- No crushing or deformation of wire.
- To cut single stranded, multiple stranded, and finely stranded copper and aluminum conductors and wires.

Ordering information

Order No.	Type	Designation	Max. wire diameter
32.6080	PV-WZ-KS	Cable cutter	15 mm

Note

Not to be used on steel wire, wire rope, and hard-drawn copper cable.

Torque tool set

Torque tool set

PV-WZ-TORQUE-SET

- Adjustable torque tool set with optimized design.
- Easy insertion and removal of the lead to be assembled.
- Ergonomic handle
- One-handed operation
- For manual final assembly of the cap nut with the correct torque for original MC4 and MC4-Evo 2 connectors.
- Comes with a multi-component special pistol grip which provides a safe and comfortable fit in the hand and high-power transfer.

Technical data

Technical data	
Range	3.0 N m – 6.0 N m
Accuracy	±6 % (EN ISO 6789)
Display of the set torque	Numerical scale

MC4 tool case (UL)

MC4 tool case (UL)

PV-WZ/AWG-SET-64100

- Robust plastic case with tools for assembly of MC4 connectors.
- Configured for American Wire Gauge (AWG) cable sizes (14 AWG to 8 AWG).
- Available fully populated with basic content and crimp tool kit PV-CZM-64100. The kit includes crimping plier PV-CZM with crimp insert PV-ES-CZM-63100 and locator PV-LOC-MC4 14/12-10/8 preinstalled for crimping of closed crimp contacts. It also includes crimp insert PV-ES-CZM-61100 and locator PV-LOC-MC4 2.5/4/6 for crimping of open crimp contacts.
- Also available only with basic content (no crimping pliers).

Tool belt for MC4 and MC4-Evo 2

Tool pouch

Material pouch

- The correct tool is always at hand in the MC4 and MC4-Evo 2 tool belt.
- The MC4 and MC4-Evo 2 tool belt consists of:
 - a tool bag with leather holders, integrated elastic compartments, and D-ring to keep all tools needed for on-site assembly.
 - a material bag with zipper for safe storage of connectors and other small parts. The material bag can be kept open thanks to a snap fastener.
 - a belt with quick fastener.
- Long-lasting thanks to heavy-duty, weatherproof material.

- Easy to put the tool belt on and take it off thanks to an adjustable snap fastener.
- Stable seating, the tool belt will not twist.

Note:

The MC4 und MC4-Evo 2 tool belt is delivered without the tools and materials shown here.
